

\$3 FRAUD COST MAN JAIL TERM AND \$998 COSTS

Gerard Schouten, of Hanover R. D. and Los Angeles, after an expenditure of nearly \$1,000 and seven months in jail, by Monday had nearly expiated for fraudulently converting about \$3.

Schouten's troubles began when he allegedly failed to forward to his company the money for two hospitalization insurance policies.

In January 1953, Schouten explained to the Adams County court that the money he was accused of fraudulently converting was "nearly" all his. The great majority of the first payment of \$32 made by two countians on the policies sold them by Schouten went to him as his commission, Schouten said, and only a few dollars would have gone to the company issuing the policy. Investigation revealed this to be the case. In the meantime Schouten and his wife had headed westward.

Caught In Los Angeles

He was arrested in the midwest but, before extradition papers could be received, he was released. Later he was located in Los Angeles when he applied for a job with that city and the usual check was made on his background.

Schouten was returned to Adams County, sentenced to one year and was ordered to pay the costs.

In court Monday it was reported that Mrs. Schouten had paid the \$998.68 in costs. Schouten had served seven months of the year's sentence. He was placed on parole for six months under the usual conditions that he behave himself generally. The costs in Schouten's case were high because they included the transportation of officers to the west coast to secure him from California officials and return him here.

Dismiss Code Charge

The charge of driving too fast for conditions brought against Mrs. Nancy J. Koonitz, New Oxford R. 1, by New Oxford Police Chief Walter Bemiller, was dismissed by the court and the costs placed on the county following a hearing.

Britain Rejects Russia's Threat

LONDON (AP)—Britain today rejected the Kremlin's warning that Soviet Russia will scrap their 1942 treaty of alliance if this country ratifies the Paris agreements to free and rearm Western Germany.

"Her majesty's government would much regret it if the Anglo-Soviet treaty of 1942, to which they have always attached importance, were to be canceled or annulled by the Soviet government," a Foreign Office statement said.

"At the same time, they deplore both the manner and the context in which that government now threatens such annulment."

"They cannot accept the argument used in the Soviet note."

A Foreign Office spokesman said last night the Cabinet expects to complete the ratification procedure. Parliament already has approved the agreements.

The planning meeting of the Adams County Soil Conservation District was held today in the court house, for the purpose of discussing the plans for the coming year, and setting up a calendar of events. One of the projects being arranged is the annual membership meeting of the Soil Conservation District, which will be held at the court house at 7:30 p. m., January 21.

This morning the board of directors of the Soil Conservation District met with Oscar Kimmel, State Supervisor of the Soil Conservation Districts. This afternoon the directors met with representatives from the various cooperating agencies.

"Our objective," Kimmel explained, "is to get as many farmers as possible to use the largest number of conserving practices on the land. We have no technicians of our own, so we depend upon the technicians of the cooperating agencies."

7 Agencies Invited

The agencies which were invited to send representatives to the afternoon meeting include the Soil Conservation Service, Department of Forests and Waters, Pennsylvania Game Commission, Pennsylvania Fish Commission, Pennsylvania Department of Highways, Adams County Vocational Agriculture Supervisor, and the Agriculture Extension Service.

The directors of the Soil Conservation District are: Clarence Waybright, Gettysburg R. D. president; W. Clayton Jester, Biglerville, secretary; Robert Lott, Aspers R. 2; John Peters, Gardners, and J. Blaine Bushey, Arendtsville.

The annual meeting January 21 is open to the public.

The Soil Conservation District was organized to help farmers control erosion, conserve soil and soil fertility, improve woodlands, preserve wildlife, drain and improve wet lands and aid in the prevention of floods. "It furnishes technical and material assistance to aid the establishment of conservation practices."

THEOLOGIAN IS ROTARY CLUB'S XMAS SPEAKER

More than 100 attended the annual ladies' night Christmas party held by the Gettysburg Rotary Club at the Hotel Gettysburg Monday evening.

Rev. L. John B. Howes, president of Westminster Theological Seminary, Westminster, Md., was the principal speaker. Using as his text, "Widen Thy Tent," he told the group: "We in the United States have brought upon ourselves, or have had thrust upon us, a horrible responsibility for the world. Every time we involve ourselves with another country, we take on not only the job that we have promised to do, but a responsibility for the welfare of those people. For no one can involve himself without responsibility, and neither can nations."

"We have a responsibility to the world because we are a privileged nation, and we have a responsibility as individuals to our community because we are privileged individuals. We have the responsibility of setting the climate in which our young people grow up. We have the responsibility for the future."

"World Is Hungry"

"It is important that man have a sense of social responsibility, because what we do affects all generations following us. If we despoil the land we are starving our children and great-grandchildren."

WOMAN HURT IN FALL FROM CAR

Mrs. Effie H. Creamer, 40, wife of James Creamer, Gettysburg R. 5, suffered multiple abrasions, a fracture of the right wrist and concussion when she fell from a car about 1 1/2 miles east of here on the Lincoln Highway at about 4 o'clock Monday afternoon.

Raymond Menges, passing in a school bus, and Aubrey Hinkle, proprietor of Hinkle's Sunoco Service Station, R. 5, were passing and both stopped to render assistance. Hinkle drove Mrs. Creamer to the Warner Hospital where she was treated and admitted as a patient.

Mrs. Creamer and two other women were riding with Mary Gulden, R. 5. All are employees of the Keystone-Ridgeway Ceramic Company and they were returning from work after their first day at the newly opened plant on Fourth St. Previously they had been employed on the R. 5 plant of the company.

Mrs. Creamer told Hinkle and Menges that the car door beside her had been rattling, as if not closed tightly, and she attempted to open the door and slam it shut.

When she opened the door the wind blew it wide and she was hurled to the highway

300 GIRL SCOUTS SING CAROLS IN LINCOLN SQUARE

Despite cold weather and snow flurries, 300 Brownies, Intermediate and Senior Girl Scouts from throughout Adams County assembled in Lincoln Square Monday evening and sang the traditional yuletide carols.

Their voices ringing out loud and clear in the crisp air, the youngsters huddled on the sidewalk in front of the Hotel Gettysburg for the half hour carol sing and then adjourned to Christ Lutheran Church where they were served refreshments.

Girl Scout caps were the only evidence of uniform. They ranged from the tiny Brownies to the teen-aged Senior Scouts.

Under the direction of Mrs. Joseph Baker, music consultant for the Adams County Girl Scout council, the youngsters sang such traditional numbers as "Hark! The Herald Angels Sing," "O Come All Ye Faithful," "Deck the Halls," "Silent Night," "Away in a Manger" and the spiritual, "Go Tell It On the Mountains."

The Brownies presented two numbers: "Up On The House-top" and "Jolly, Jolly Santa Claus." They followed the other scouts for the rest of the program, including "Joy To The World," "O Little Town of Bethlehem," "We Three Kings," "The First Noel," "God Rest Ye Merry, Gentlemen," "Jingle Bells," and in conclusion, "Girl Scouts Together."

Three members of Intermediate Troop No. 9 of Gettysburg were the soloists for the singing of "We Three Kings." They were Edwina Kilmelfter, Donna Hetrick and Melody Jackson.

Scouts were present from Arendtsville, Biglerville, Bendersville, East Berlin, Fairfield, Gettysburg, Littlestown. The program was broadcast live from Lincoln Square over WGET with Edwin Shoop as announcer. A tape recording of the program made from the live broadcast, will be presented over WGET at 9 o'clock Christmas morning.

Slash 403,000 From Armed Forces, Cut Draft In Half

By C. YATES McDANIEL
WASHINGTON (AP)—The military services have been told to start pruning 403,000 from their present over-all strength to reach the 2,815,000-man level the administration thinks is about right for the current cold war.

In disclosing a manpower cut-back program yesterday, Secretary of Defense Wilson said it will be accompanied by a 50 per cent slash in draft calls starting in February, when the announced quota of 20,000 is to be dropped to 10,000 or 11,000. Quotas have been running about 20,000 for many months.

Wilson said an improved situation in the Far East and "better opportunities for peace" everywhere entered into President Eisenhower's decision to trim the services.

Increase Air Force

Only the Air Force, which will continue its gradual buildup to 975,000 men in the next 18 months, escapes the trimming.

LUTHER LADY RE-ELECTED TO EIGHTH TERM

Luther M. Lady, Butler Twp. school director, was re-elected president of the Adams County School board for his eighth term at Monday evening's meeting of the county board held at the Court House. He has held the office since 1947.

Moses S. Hershey, York Springs merchant, was named first vice president; Curtis S. Sponseller, New Oxford, was elected second vice president and J. Faber Wildasin, Abbottstown, was named treasurer. The term of the treasurer, Lloyd E. Crouse, Littlestown, expires in May and the election will be held at that time.

The business session was relatively brief. A letter from the Public Service Institute concerning a course for school board secretaries and board members was read and Superintendent of Schools H. Edgar Riegle was asked to notify members of the county's school boards to determine if a sufficient number would be interested in attending the three-session course to warrant holding the school.

Reports on Convention

Assistant Superintendent of Schools C. P. Keefe reported on the recent directors' convention. There was a brief discussion of the possibility of another panel discussion at next year's convention on some phase of school business similar to the one held this year.

The contract of Mrs. Edward J. Barnes as a bus driver for Lower Adams Joint School system was approved. She will receive \$4.50 a day. The auditors' and secretary's reports for Fairfield borough school system were approved.

Following adjournment of the meeting, the board met in an informal "executive session" to continue discussions of a proposed county plan for school development. The plan submitted by the county some months ago was found unacceptable by the state. The board from time to time since then has been discussing informally other plans.

Helm was visibly agitated as he appeared before the court on charges of aggravated assault and battery and malicious mischief brought against him by his wife, Catherine C. Helm. He was shaking and seemed to have some difficulty in keeping control of his emotions as he tried to explain his actions.

Slashed Car Tires

According to Mrs. Helm, the Gardners R. 1 resident came to her apartment near Littlestown on September 29. He spent some time talking to their child, and then began striking his wife about the face. She said she was wiping blood from her face when he asked for a butcher knife. She refused to tell him where to find one fearing he planned further injury to her. He found one in a knife holder and left the apartment. She said he went to her car, slashed four tires, returned and put the knife in the holder from which he had obtained it. She exhibited three pictures of herself showing the condition of her face the day after the beating.

Helm said he had "fought against" going to his wife's house. He had received a letter, he said, telling him to stay away from his daughter and knew that he should but, "it worried me. I tried to sleep and forget about it and stay away, but after awhile I couldn't." He claimed that he had calmed down somewhat after arriving at his wife's apartment and started talking to the little girl, but then said his wife kicked him and he lost control of himself.

Issued Threat

The court observed, "If you are the type of person who can't control yourself you're exceedingly dangerous to have around."

Mrs. Helm said her husband threatened further injury "the next time he came around."

The court sentenced him to 23 months in the workhouse on the aggravated assault and battery charge. His term begins as of October 4, the date he was placed in the Adams County jail.

On the malicious mischief charge brought as a result of the tire slashing he was given a suspended sentence on condition he pay his wife \$100, the amount of damages to her car, and pay the costs.

Helm was then told to sit with the remainder of the prisoners until all had been disposed of. Shortly after the next defendant was (Please Turn to Page 5)

speak of over-production in food, but the world is hungry, and it will get hungrier unless we do something to prevent it. We have lots of food in the United States as of today, but if we could distribute it properly, we would use up all our food in feeding our own people. We were disturbed a few years ago about an over-production of potatoes. We had what seemed a tremendous supply of potatoes. But if the surplus had been divided among all, there would have been—no bushel to be eaten in a year.

Orphan Girls Sing

"There are those who speak of the commercialization of Christmas. Of that I am not worried. If it were not for the merchants, decorating their stores and the communities, we would have far less Christmas than we do. But we should widen our tents to let in the spiritual as well as the material. The commercial promotion of Christmas should lead us to a deeper appreciation of the spiritual. We should go from Santa Claus to Christ. The gift giving, the commercialization as it is called, leads us to the spiritual. It might be a store that is presenting the Christmas carol, but the carol is telling us of the story of Christ."

Rev. Victor Hann, superintendent of the Methodist Orphanage at Mechanicsburg, led eight of the older girls at the orphanage in a number of Christmas carols. Rev. Victor K. Meredith Jr. was in charge of the program. Rotary President Roy Hammond presided at the opening and close of the dinner session. Dr. Harold Dunkelberger led group singing. Clark Smith gave the prayer at the opening of the meeting. Next Monday the club will meet at the YWCA at 6 p.m.

COLD WEATHER HERE BEFORE 1ST DAY OF WINTER

Old Man Winter moved in a day or two ahead of schedule and delivered the coldest weather of the season to this part of the country with colder temperatures ahead.

Although winter does not arrive, according to the almanac, until Wednesday, the mercury dropped to 13 above zero here this morning, the coldest morning in Gettysburg since last February 13 when the low was 9 above zero. By 8:30 a.m. the mercury had climbed only to 16 degrees above zero—only halfway up to the freezing mark.

This was by far the coldest morning here this fall. The previous low was 18 degrees on December 6 and 7. It was the coldest December 21 since 1950 when the low on this date was 11 degrees. The coldest December 21 on record here was in 1942 when the mercury dropped 14 degrees below zero.

Below Zero
Coldest temperature since last winter set Pennsylvanians to shivering today.

The mercury hit 3 below zero in Brookville this morning. The least coldest in the state was 16 in Philadelphia.

Phillipsburg in Centre County had 7 inches of snow and a temperature of 2 degrees.

Snow For Christmas
The frigid air is coming out of east central Canada as the result of a low pressure area in eastern United States. The Weather Bureau estimates it will be another day or so before warmer air to the west has a chance to move in and bring moderating temperatures.

The bureau's 5-day forecast said there may be snow tomorrow night, Thursday night and rain or snow in the state on Christmas Day.

Mrs. Weaver was graduated from the Littlestown High School with the class of 1951 and the Harrisburg Hospital School of Nursing in 1954. She is a member of the nursing staff at the Warner Hospital, Gettysburg. Mr. Weaver graduated from the Gettysburg High School in 1951 and received his American Farmer Degree in October, 1954. He is engaged in farming with his father. The couple will reside at the home of the groom's parents, Gettysburg R. 4.

mile per hour zone failed to stop at his signal as he was assisting school children across the street in New Oxford. Because of the mist and fog, he said, he was unable to determine who the driver of the car was other than that it was a woman. He said that when the driver "saw my signal, she just turned her head and kept on coming." He secured the license number of the car, he told the court, and found that it was owned by Harold L. and Nancy J. Koonz. Because it was a woman operator, he brought the charge against Mrs. Koonz. The car that was speeding was west bound, the officer. He reported later seeing Mrs. Koonz going east.

Mrs. Koonz said she passed Officer Bemiller once that morning, and was east bound at the time. She said on that occasion she stopped and then moved on at his signal. She said she was headed for Cross Keys where she remained until near noon.

The court approved the incorporation of the Gettysburg Travel Council and the Seminary Ridge Press as non-profit corporations.

Listed as incorporators of the Travel Council were Allen A. Larson, Buford Ave., president; John D. Lippy Jr., Seminary Ave., vice president; Charles B. Bender, E. Broadway, treasurer; Samuel T. Kessel, R. 3, recording secretary, and Leroy E. Smith, W. Broadway, director. The corporation is designed, according to its application "to promote, advertise, coordinate, and educate the general public to the scenic and historical value of Gettysburg and vicinity through all lawful means, integrating and fostering the principles of the Gettysburg Chamber of Commerce in said activities." Assets of \$1,200 were listed.

The Seminary Ridge Press is designed to "promote, publish and distribute all types of religious literature," according to its application. Listed as incorporators are: Thomas F. Sinn, 65 Steinwehr Ave., president; Paul H. Sampsel Jr., Franklin, vice president; Henry K. Wohlgenuth, Harrisburg, second vice president; Eugene A. Gardner, Hagerstown, secretary, and James R. Harkins Jr., Seminary Ave., treasurer. Assets were listed as \$300.

Eugene A. Imler, Hanover, arrested on a process for failing to keep current his support payments and for failure to appear before the court as directed in November, was placed in the custody of the sheriff until further order of the court, after he appeared before the judges Monday afternoon. He was reported to have made one payment on his support order since July.

Name Two Masters

Attorney Edward B. Bulleit was appointed master in the divorce action brought by Martha (Carey) Burns, 122 W. High St., against

Earle E. Burns, Gettysburg R. 1. Attorney Donald P. McPherson was named master in the divorce action of Rosabell (Bollinger) Patterson, 104 W. High St., against Harold Richard Patterson, Westminster R. 1.

Melvin Elby, Harrisburg, arrested on a process when he failed to pay costs and fine on a charge of operating after suspension was released when it was reported that he paid up "after the process was served."

Edward Anthony, Hanover R. 3, in court to explain an arrearage on a support order was directed to pay \$8 per week, \$3 on the arrearage and the regular \$5 per week support order, until he has caught up with the back payments.

Frank Motaka, Camp Hill, was ordered to pay \$30 per week for the support of his wife and child, pay and enter into a bond of \$500 to comply with the order following a hearing on a desertion and non-support charge.

Prisoner Is Paroled

Leonard Edwards, Chambersburg, who had served one month of a 90-day sentence on a morals charge was placed on parole for one year and told that "if it were not for the fact that one half of your sentence expires on Christmas Day, the court would not have considered a parole at this time."

Walter Clapper, Hanover, in jail since November for failure to pay a fine and costs on a charge of driving after suspension of his license, was placed on parole for six months on condition he pay \$30 per month on the \$182.75 he owes the county.

George B. N. Baker, Hanover, placed in jail October 23 on contempt of court for failure to pay \$45 costs on a desertion and non-support charge, was placed on probation with the costs to be paid in 60 days.

Reginald Dunkinson, Harrisburg, scheduled to be in court to explain failure to keep current support payments, was reported to have arranged with the probation officer to pay and the hearing was continued to January 29.

Earl Shultz, Orrtanna, in arrears on a support payment, had a lengthy story of why he was unable to make enough money to make the payments and was told to return January 3 at 10 a.m. Shultz explained that he was unable to do much farm work last summer. "There were quiet a few wet days," and immediately before the apple season began, he said, he injured one hand and because he had to pick apples one handed he was unable to "make much like I usually do."

Fred Mitchell, Fairfield R. D., who had served a month of a sentence on larceny of a pocketbook, was placed on parole for 60 days on condition he make restitution of \$15 immediately and pay the remainder of the \$30 value of pocketbook and contents plus \$30.50 costs within two months.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times FIFTY YEARS AGO

Christmas Gift Suggestion: If you have a friend or relative who formerly resided in Adams County and who now lives in the most distant state or county, some acceptable present you could make him or her is the Star and Sentinel for a year. The paper will not only be like a letter from home but a weekly reminder of the donor.

Use Water Sparingly: Owing to the fact that Marsh Creek is very low and that water in general is becoming scarce, consumers should use water as sparingly as possible. Conditions throughout the county are becoming alarming. Many farmers are compelled to haul water for their stock and family use.

Feed The Birds: Feed the partridges. The snow has covered the land to such a depth that the birds have difficulty in obtaining food and unless they are fed by farmers, many of them will perish.

The Sick: Mrs. John Geiselman, East Berlin's oldest lady, is quite ill at her home in that place.

William Haar, of Latimore township, is quite ill with typhoid fever.

Nathan Bietman, of Huntington township, while engaged in brick-making one day last week, was stricken with paralysis. At this writing he is somewhat improved.

Rev. Dr. E. J. Wolf, who has been ill for several weeks is slowly improving.

Declined Bishopric: Rev. Dr. William T. Manning, of New York City, recently elected bishop of the new Episcopal Diocese of Harrisburg, has declined to accept the office, and another convention will be held to elect a bishop.

"Soph" Won: The Freshman-Sophomore debate for the Glen prize of \$15, held in Brusa Chapel last Monday evening, was won by the Sophomores. The judges were Dr. J. A. Clutz, ex-Senator Wm. A. Martin, Senator D. P. McPherson, Prof. H. M. Roth and Prof. Chas. H. Huber. The question was, Resolved, "The open shop is a better condition than the closed shop for American workmen."

The Sophomores will now contest with the Juniors and the winner with the Senior team for the final prize.

Cutting Ice: John M. Minnigh has a force of hands at work storing away fine ice.

George W. Myers is also engaged in filling his house at Marsh Creek. The ice is about 10 inches thick.

Unfortunately for L. D. Miller his large pond does not contain a sufficient amount of water from which to take ice.

School Entertainments: An entertainment will be given by the pupils of the Gettysburg High School in the High School room, Friday afternoon next, Dec. 23rd. The entertainment will include a debate between members of the two literary societies recently organized, a short play and a pantomime. An admission of ten cents will be charged, the proceeds to be given to the school library fund. Most of the other Gettysburg schools are preparing to give interesting entertainments Friday afternoon.

Wedding Bells: Billheimer-Richardson-Rev. Stanley Billheimer, the newly elected pastor of the York Springs Lutheran church, was united in marriage to Miss Ida Richardson, of Washington, D. C., last Tuesday evening.

The ceremony took place at the bride's home and was performed by the groom's father, Rev. Dr. T. C. Billheimer, of the Theological Seminary.

Deardorf-Bucher: The home of Lieut. and Mrs. J. W. Bucher, Seven Stars, was the scene of a pretty wedding Thursday morning when their daughter, Miss Sarah Ellen, was united in marriage to Harry W. Deardorf, the ceremony being performed by their pastor, Rev. D. T. Koser.

Today's Talk

NATURE AND ONE'S LIBRARY

Alexander Smith, who wrote in 1863 that charming book of essays called "Dreamthorp," once stated that the only immortality for which he wished was that he might be "occasionally quoted." So I quote: "In my garden I spend my days; in my library I spend my nights. My interests are divided between my geraniums and my books. With the flower I am in the present; with the book I am in the past."

A stranger called upon Wordsworth, the great English poet and nature lover. A servant opened the door, and the visitor inquired as to where the poet worked. He would like to see his library. Said the servant: "This is master's room, but he studies in the fields."

From one's library comes the silent voice of history. Poets, novelists, historians, scientists, inventors, discoverers, and all manner of people are all recorded in books that may rest upon anyone's library shelves at his will. The story of human life is recorded in volume after volume. Civilizations have risen only to die and be buried. Only in books and crude characters does there remain any story.

We can select our own friends when we build a library, and size is no criterion of worth. Stevenson once said, "A few friends but these without capitulation." That's the way it is with books. Once you have read and loved one you want it to stay with you for so long as you live—unless you send it out to bless someone else!

The great of this earth, past and present, may be your silent visitors and night companions if you wish. To hold a great book in your hand is to taste of glory! Its warmth often reaches the heart. Books have magic. Buy them, read them, send them on errands!

Tomorrow Mr. Adams will talk on the subject: "Love Early!"

Just Folks

BOOKS
Good books are friendly things to own.

If you are busy they will wait. They will not call you on the phone or wake you if the hour is late. They stand together, row by row. Upon the low shelf or the high. But if you're lonesome this you know:

You have a friend or two nearby.

The fellowship of books is real.

They're never noisy when you're still.

They won't disturb you at your meal. They'll comfort you when you are ill.

The lonesome hours they'll always share.

When slighted they will not complain.

And though for them you've ceased to care.

Your constant friends they'll still remain.

Good books your faults will never see.

Or tell about them round the town.

If you would have their company.

You merely have to take them down.

They'll help you pass the time away.

They'll counsel give if that you need.

He has true friends for night and day.

Who has a few good books to read.

Dr. Sam's Parents Are In Hospital

CLEVELAND (AP)—The father and mother of Dr. Samuel Sheppard were in hospital beds today while a jury continued its effort to reach a verdict on the murder charge against their son.

The father, Dr. Richard A. Sheppard, was admitted to the Bay View Hospital yesterday, a victim of pleurisy, his family said. His wife, Ethel, suffered a cerebral hemorrhage several weeks ago. She had been released from the hospital, but the family decided to readmit her while her husband was a patient.

SANTA AND THE MARS KING

CHAPTER 16

THE CHILDREN'S PLAN

The children of Mars gathered around the hole in the golden mountain.

"Come out, kings!" they shouted.

In the mountain, the kings shivered. They started to obey the command.

"Wait!" cried Majesty fiercely. "We are kings! Kings must rule. We do not have to obey children!"

The kings shook their heads sorrowfully. "We do not have your courage and strength," they mumbled. They went out of the mountain and stood before the children.

Tom and Majesty hid within. They guarded the vacuum machine which the kings had made to suck the flying saucers from the sky.

"Who removed the rocks from this opening?" demanded the children.

The kings hung their heads. They were silent.

"Answer!"

Unhappily the kings obeyed. They told of the return of Majesty who had been a flying saucer.

"Where is he? Who is the one?" cried the children.

"He hides within the mountain," said the kings helplessly.

"Bring him out!"

Suddenly Majesty stood at the entrance to the mountain. "No need to bring me out," he said bravely. "I am here."

The children were delighted at the strange sight of a king in a space suit. They snatched at it and clamored for Majesty to take it off.

Majesty climbed to the top of the heaped up golden rocks.

"Quiet!" he cried. "I am a king. You will treat me as a king!"

The children stared at him in astonishment. Never had they heard a king speak so boldly. They looked at one another and wondered what they should do. They decided they had best obey such a kingly king.

At that moment a dreadful thing happened. The rocks on which the King stood suddenly tumbled apart and his Majesty crashed to the bottom of the pile.

His space helmet was smashed to bits. Worse, his spectacles fell from his nose and were crushed beneath the rocks.

Now Majesty was like all the other kings of Mars. He was weak and sightless and afraid. The children were quick to see the change that had come over him. They ordered all the kings back into the mountain and Majesty obeyed as did the others.

But as the children began shutting up the entrance a voice suddenly cried.

"Let me out! Don't shut me in here!"

And there stood Tom with the vacuum machine in his arms.

"Who are you? Where did you come from? What do you want?"

French Assembly Supports Premier

PARIS (AP)—The French National Assembly Monday gave Premier Pierre Mendes-France a vote of confidence—310 to 172—on his Indochina policies, thus clearing the way for a four-day debate on German rearmament.

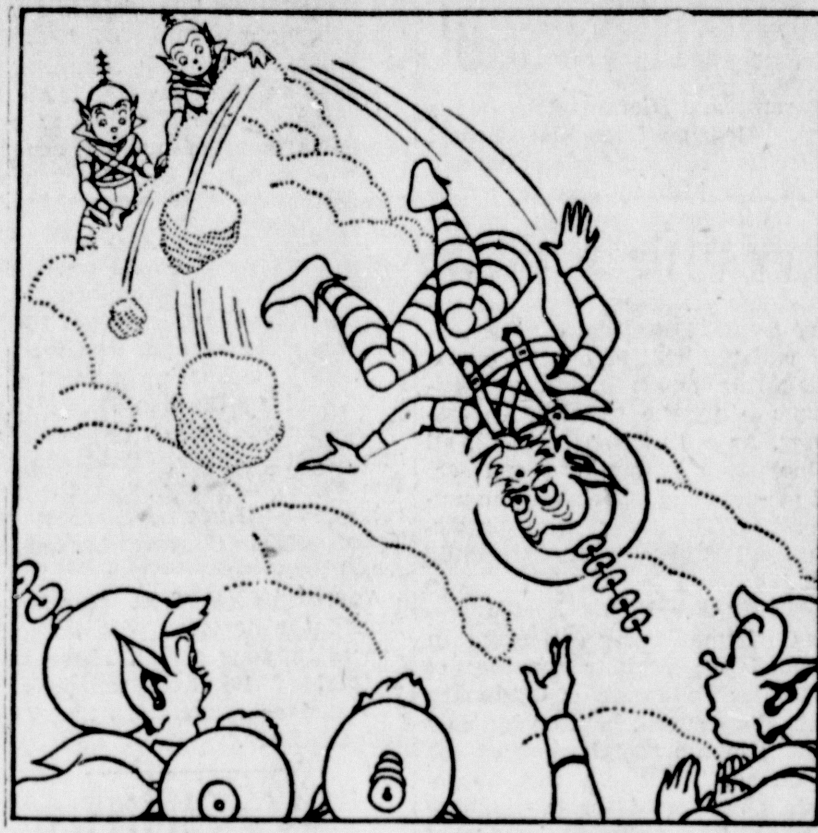

The number of the Premier's supporters was sharply reduced, however, from his total on previous votes of confidence since he took office six months ago.

cried the children.

"I am a child—just like you," said Tom. "I come from the planet Earth. There Kings rule and children obey."

"What nonsense! Come with us and we will show you how we live."

They rolled the last of the rocks in front of the mountain opening. Then they led Tom to their city of golden palaces. Tom still carried the precious vacuum machine.

"What is that you carry?" asked one of the children.

At first Tom was afraid to answer. Finally, he said, "It is a machine. Would you like to see how it works?"

He did not know what he would do if they said yes. But fortunately the children were too excited about showing their own things.

"We will see the machine later," they said. "Now you must see where we live."

They led Tom through the palaces and showed him the golden furniture and golden tapestries which hung from the walls.

But there were no books or toys anywhere.

"What do you do all day to amuse yourselves?" asked Tom.

The faces of the children were pale and unhappy.

"What is there to do except to torment the kings?" they replied.

NICOSIA, Cyprus (AP)—Calm appeared to be returning to disrupted Cyprus Monday after a weekend of anti-British violence in which 31 persons were injured and 84 arrested on the east Mediterranean island.

Leaders of the pan-Cyprian strike committee called off the wailout they launched Saturday to protest the U.N. Assembly's refusal to back Greece's demands for Cyprus, a British crown colony.

The strike leaders appealed to all demonstrators to go back to work.

An emergency government decree ordered police to shoot anyone trying to create a disturbance. Police arrested 47 more persons on Sunday after using tear gas to scatter stubborn groups congregating in defiance of a new ban on meetings of more than five persons.

CHECK WITNESS MURDER STORY FOR "PERJURY"

MIAMI, Fla. (AP)—An investigator for the state attorney's office said Monday the testimony of key witness in the Judith Ann Roberts murder case will be checked "for possible perjury."

The seven-year-old victim's father, Baltimore attorney James T. Roberts, is under \$10,000 bond while waiting to be tried Feb. 28 on a first degree murder charge.

C. Clark Wood, a Miami private detective, testified at a habeas corpus proceeding in October that he saw Roberts and an unidentified woman near the murder scene the night the child was kidnapped from her grandparents' home.

Wood said he could fix the time because he was trailing a man who "was paying his check at the (Clover) club inside a few minutes before midnight."

Club Was Closed

Fred Jones, an investigator for the state attorney's office, said records showed the club was closed the night Wood referred to it, because its license had been temporarily suspended.

Wood said Sunday he "assumed the man I was following was in the club because his car was in one of the center parking lanes directly in front of the night spot."

"I was watching this man's car," Wood said. "He might not have been in the Clover Club. He could have been around the corner some place."

"After I left there, I saw Roberts at the scene of the crime. I have been an investigator for 35 years and I'm too old to commit perjury."

Will Check Statements

Jones said, "This is a serious business because we have a man indicted for first degree murder on Wood's testimony. Brautigan will return to Miami on Dec. 23 and will take immediate action in checking Wood's statements for a possible perjury charge."

Roberts has protested his innocence throughout and Judge Pat Cannon said the state's evidence was inadequate to hold him without bond.

The child was killed during a visit of the Roberts family with her grandparents, Mr. and Mrs. Harry Rosenberg, of Miami. The child was missed about 1 a.m. July 7 and Roberts returned home about 2:45 a.m. He said he had been on a tour of nightspots with a divorcee client, Mrs. Dorothy Lawrence, looking for a job for her.

FACES MURDER CHARGE; WILL WED ON FEB. 12

PITTSBURGH (AP)—A former Air Force sergeant—fighting to escape a court martial on a murder charge—will marry Feb. 12.

The ex-serviceman, Robert Toth, says he will marry 27-year-old Shirley Coyne of Pittsburgh.

Toth faces a court martial on charges he took part in the slaying of a South Korean civilian while he was serving with the Air Force in Korea.

Up To Courts

He was not accused in the slaying until after he had been honorably discharged and had gone to work at a steel mill here. He was taken into custody by the Air Force in May, 1953, and flown to Korea to face a court martial.

However, his attorneys—claiming the Air Force no longer had jurisdiction over the discharged serviceman—obtained a federal court order directing the Air Force to return him to the United States.

But, the court ruled, Toth must still face a court martial. His attorneys then appealed the ruling to the Supreme Court. A decision is expected in February or March.

KENTUCKY AND UTAH CLASH IN LEXINGTON, KY.

By JOHN CHANDLER
The Associated Press

Headed by a near-championship duel between Kentucky and Utah, the No. 1 and 2 teams in the country, 7 of the top 10 college basketball teams are scheduled for action on a widespread front tonight.

Most of the attention will be riveted on Lexington, Ky., where Kentucky and Utah, both undefeated, meet in the second annual University of Kentucky Invitational Tournament. Other fireworks will be forthcoming from Oklahoma City, scene of the 19th annual All-College Tournament, which opened yesterday, and at Houston, Tex., New York City and Dayton, Ohio.

In the Lexington affair, La Salle, No. 1, will play Utah last night, while Southern California, ranked No. 13 nationally, in the opener. La Salle dropped to No. 4 this week. Kentucky, with a 3-0 record, and Utah, 7-0, meet in the headliner. The winners play tomorrow night for the title.

Other Top Games

Other top games tonight include Illinois (No. 3) vs. Rice at Houston, North Carolina State (No. 5) against St. John's of Brooklyn at Madison Square Garden, Oregon at Dayton (No. 6) and George Washington (No. 8) against Tulsa in the Oklahoma City tourney.

The first of the major Christmas week tournaments, at Oklahoma City, saw George Washington an easy 56-46 winner over Oklahoma A&M, the defending champions, and 11 times winner of the tourney. Tulsa edged Wyoming 69-64 after the lead changed 22 times. High-powered San Francisco, which upset UCLA last week, handed Wichita its first defeat of the season 94-75. Oklahoma City's sophomore starting team pulled away in the last half to beat Houston 72-65. In the other semifinal tonight, San Francisco meets Oklahoma City.

Duquesne, ranked No. 2, made its record 4-1 by easily defeating St. Francis of Pennsylvania 71-58. The Iron Dukes won at the foul line, converting 25 of 30 free throws.

PENDER, ADAMS ARE WINNERS IN RING UPSETS

NEW YORK (AP)—Paul Pender of Boston has passed his first big test since his return from the Marines and handicapped Pete Adams of Newark, N.J., has proved his right to main bout status.

Pender, 160, upset Ted Olla, 160½, to win a split decision at Brooklyn's Eastern Parkway last night and Adams, a 3 to 1 underdog, whipped Jimmy Martinez at New York's St. Nicholas Arena. Both 10-rounders were seen on network television.

Referee Al Berl and Judge Artie Alda had Pender on top 7-2-1 and Judge Joe Eppy voted for Olla 6-4. The AP card was 7-2-1 for Pender.

At St. Nick's, Referee Mark Conn and Judge Joe Agnello had it 6-4 for Adams while Judge Arthur Susskind had it even in rounds 5-5 and even in points 5-5. He voted a draw. The AP card was 6-4 for Adams.

Adams, a remarkable boxer considering his handicap, has only the thumb and the stubs of four fingers on his right hand. The fingers were amputated after they were mangled by a saw in a cardboard factory in 1951.

Marciano To Defend Title In March

MIAMI, Fla. (AP)—Heavyweight boxing champion Rocky Marciano will defend his title on the Pacific Coast in March, if his injured nose survives February exhibitions.

Al Weill, the champion's manager, says the early 1955 title fight will be held in Los Angeles, San Francisco or Las Vegas, Nev. Weill said that Don Cockell, British heavyweight champion, and Nino Valdes, Cuban heavyweight, are in the line for the early 1955 fight on the West Coast.

Hershey Cagers Meet Warriors Here Tonight

Tonight the Gettysburg High Warriors play their first home South Penn Basketball League game when they entertain the Hershey High Trojans. The junior varsities will meet in the preliminary game at 6:45 o'clock.

The Warriors (2-2) will undoubtedly find the going plenty tough against the Trojans. Hershey upset highly-favored Hanover last Friday 52-51 to become a threat in the first half race.

The remainder of the South Penn schedule tonight finds Chambersburg at Shippensburg, Mechanicsburg at Hanover, and Middletown at Waynesboro.

Three county schools also face action tonight. Spring Grove will play at Biglerville, York Springs at Cumberland Valley, and East Berlin at Manchester.

KENTUCKY IN TOP POSITION IN AP SURVEY

By THE ASSOCIATED PRESS

Kentucky was ranked as the No. 1 basketball team in the nation today in the weekly Associated Press poll and if the Wildcats can get past this week's action, they'll be hard to displace.

Adolph Rupp's team boasts a 3-0 record and hasn't been beaten since the last game of the 1951-52 season. The Wildcats didn't field a team the following year and they were undefeated for 1953-54.

They're running their own tournament this week and they go into action against three pretenders to their lofty perch—Utah, ranked No. 2; La Salle, which was in first place in the first poll last week; and Southern California, possibly the class of the Pacific Coast Conference.

La Salle, voted in the preseason poll the potential national champion, tumbled to fourth following its defeat at the hands of Utah at Madison Square Garden last Saturday.

The regional playoffs will be held in Frederick next August.

FIGURES GIVE J. ANTONELLI NEW LAURELS

NEW YORK (AP)—The important part left behind Johnny Antonelli played in the pennant drive of the New York Giants last season was reflected today in the official release of National League pitching records.

The 24-year-old Antonelli, who was obtained in a trade with Milwaukee last February, captured both the earned run and winning percentage titles. Antonelli gave up 68 earned runs in the 259 innings he worked for a sparkling 2.29 earned run mark. The talented southpaw won 21 games and lost only 7 for a winning percentage of .750.

Behind the Giants' stalwart in the earned run listings came Lew Burdette of Milwaukee with 2.76, Curt Simmons of Philadelphia 2.81, Ruben Gomez of New York 2.88 and Robin Roberts of the Phillies 2.96.

Roberts Again

As usual, Roberts, the circuit's perennial workhorse, paced the hurlers in several categories. He led in games won—23; games started—38; complete games—29; innings pitched—337; strikeouts—185 and home runs allowed—35.

Gomez gave up the most bases on balls, 109. Jim Hughes of Brooklyn appeared in the most games, 60, and John Hekki of Pittsburgh finished the most games, 46.

Antonelli, Roberts and the Braves' Warren Spahn were the only pitchers to win at least 20 games. Spahn produced 21 victories.

Murry Dickson of the Phillies lost the most games, 20.

BULLETS NEW COACH TO PLAY HERSHEY ARENA

Bobby Davies, recently named as the new Gettysburg College cage coach and a former Seton Hall basketball, will be seen in action with the Rochester Royals against the New York Knickerbockers at Hershey Sports Arena on Wednesday evening, January 19.

The Royals will meet the Knicks in the curtain-raiser of a National Basketball Association twin bill, beginning at 8 o'clock. Eddie Gottlieb's Philadelphia Warriors will oppose the Syracuse Chiefs in the second game of the bargain bill.

Davies has a large following in the Central Pennsylvania area, many fans recalling the blonde bomber's feats with John Harris

High School's cagers. Later, he achieved national recognition with "Honey" Russell's Seton Hall quintet. He has spent all of his pro career with the Royals, where he has been named to the all-star pro quintet for a number of seasons.

Davies will take over as the Gettysburg coach with the 1955-56 season, supplanting Henry T. Bream, athletic director, who is retiring this season after 28 years of coaching college court teams. In addition to coaching basketball, Davies will teach physical education.

for consideration, there was a crash as one arm of Helm's chair crashed to the floor. Helm stood up, staggering. Deputy Sheriff James G. Warren leaped to his feet, grabbed Helm, and removed him from the court room. Outside the court room, Sheriff Dorsey J. Schultz, who was entering the room, took the prisoner and removed him to the jail. Warren returned to guard the other prisoners.

Enroute to jail Helm told the sheriff that "you better get rid of me quick before something worse happens." He also said that it would not be "personal" against the sheriff, but rather that he felt he had been given an "unexpected sentence." By the time he reached jail he had calmed somewhat. On a prior period in jail, according to the sheriff, Helm broke articles in his cell, and pushed clothing down a commode, flooding his and adjoining cells.

Barons Hold Lead In Hockey Scoring

NEW YORK (AP)—The Cleveland Barons hold scoring forward line of Fred Glover, Eddie Olson and Jackie Gordon held down the first three places in the American Hockey League scoring race today.

Glover continued as the leader, with 43 points on 17 goals and 26 assists, while Olson was in second place with 22 goals, 18 assists for 40 points. Gordon, ho fell to fourth place last week, regained third spot with 35 points. Olson's goal total of 22 and Gordon's 29 assists led the league in those departments.

BOB GRIM IS ROOKIE OF '54

By JACK HAND
The Associated Press

Bob Grim, a 24-year-old ex-Marine who never pitched higher than Class A before he made the grade with the New York Yankees last spring, today was named American League Rookie of the Year for 1954 by the Baseball Writers Assn. of America.

Grim outdistanced the opposition in the vote of the 24-man writers' committee. The right-handed pitcher, who finished with a 20-6 record, received 15 first-place votes. Runner-up Jim Finigan, the fine third baseman who came out of the Yankee chain to star at Philadelphia (now Kansas City), polled eight votes. The other ballot went to Al Kaline, Detroit's fleet outfielder.

Both Grim and Finigan had played with Binghamton, N. Y., of the Class A Eastern League, but at different times. Grim went into the Marines after a 16-5 year on the Yank farm in 1951. Finigan, who was traded to the A's last winter in the Harry Byrd deal, played at Binghamton in 1953.

The new program calls for the early return home from Korea of the 1st Marine Division and the eventual move of one regiment of the 3rd Marine Division from Japan. Some of the slack will be taken up temporarily by the shift of an Army division, one of two now in Japan, to Korea. The net result of these moves will be to leave the equivalent of four American divisions in the two Far East nations. The Army will continue to keep the equivalent of six divisions in Europe.

The Army will decide whether it can maintain its division total, now 19, under the cutback. Wilson said the Navy might have to lay up a few ships and man the remaining ones with fewer men.

WILLIE MAYS IS AP'S TOP MALE ATHLETE OF '54; BANNISTER 2ND

By THE ASSOCIATED PRESS

Willie Mays, the sensational, young centerfielder who led the New York Giants to a pennant and World Series sweep in his first full year in the major leagues, today was selected as the "Male Athlete of the Year" for 1954 in The Associated Press year-end poll.

The 23-year-old batting and fielding phenom beat out miracle miler Roger Bannister of England by 35 points for the honor in the AP's 24th annual poll of sports writers and sportscasters.

The "Say Hey" kid from Fairfield, Ala., winner of the National League's batting championship and chosen as the league's most valuable player, received 38 first place votes from the panel of 122, and 185 points on a basis of three points for first, two for second and one for a third place vote.

Laudy Is Third

Bannister, the tall, slender 25-year-old intern who first broke the four-minute mile barrier in May and then roared from behind to edge Australia's John Landy in the "mile of the century" in August, received 36½ first place votes and a total of 150 points.

In third place, far behind the two leaders, came Landy with 7½ first place votes and 60 points. The Australian followed Bannister's monumental short-lived 3:54 world record with a spectacular 3:58 performance in Turkey, Finland, June 31.

Hailed by Manager Leo Durocher as one of the greats of the game, Mays, a little, 5-10½, Negro, more than lived up to expectations in a spectacular year. A power hitter, he clouted 345 to lead both major leagues, and led the National with 13 triples and an impressive .667 slugging percentage.

He also wallpopped 41 homers and 33 doubles and drove in 110 runs. His fielding was just as brilliant.

N.O. DRIBBLERS TOP DILLSBURG FOR FOURTH WIN

The New Oxford High School boys boosted their season basketball record to 42 by drubbing Northern Joint at Dillsburg Monday evening 74-31.

After taking a 19-5 lead in the first quarter there was never much doubt as to the ultimate outcome as Coach Russ Sohnleitner's outfit was in command all the way.

Bill Little, a speedster with springs for legs, again paced the winners with 17 points. Dick Sipe, a replacement landed eight goals, six coming in the final period. Jay Evans topped the Dillsburg team with a dozen points.

The New Oxford junior varsity copped the preliminary game 31-21.

New Oxford will be idle until January 4 when it opens its Adams County League season at Biglerville.

Wrestling as a varsity sport will be inaugurated for the first time this season at Biglerville High School, an eight-match schedule having been arranged by Arthur M. Gordon, athletic director. Biglerville thus became the first county school to take up wrestling as a varsity sport.

Last year the Canners engaged in four exhibition contests. William Krebs, a graduate of Penn State University, is coaching the Canner matmen. He was a member of the Nittany Lions varsity squad. The new Biglerville faculty member also assists in coaching football and teaches social studies.

A squad of approximately 25 candidates is battling for regular positions. Only a few of the candidates took part last year.

The schedule follows:
January 13, Boiling Springs, home;
20, Susquehannock, away; 29, Boiling Springs, away.

February 3, Shippensburg, away; 10, Shippensburg, home; 17, Spring Grove, home; 24, Mercersburg Academy Jayvees, away.

NO GREAT PLANS FOR TAX SLASH BY CONGRESS

By DOUGLAS B. CORNELL
WASHINGTON (AP)—Incoming members of Congress show some inclination to reduce individual income taxes by raising personal exemptions—and stop right there with tax cuts.

A majority of senators and House members taking a definite stand in an Associated Press poll favors higher personal exemptions. But the margin is less than 3.2 among the 128 members replying. And even should the 84th Congress decide to ease up on taxes on individuals, it may wait until 1956.

Among lawmakers responding to the questionnaire, there is heavy support for President Eisenhower's bid to postpone again a reduction in the corporate income tax now set automatically for April 1. There is somewhat less enthusiastic backing for his request to put off a cut in excise (sales) taxes scheduled for the same date, but enough to indicate Congress may go along on a bipartisan basis.

The picture on both corporate

and excise taxes could change, since many lawmakers still aren't committing themselves on them.

Congressional opinion at this point appears to be weighted against any major changes in the massive tax revision law passed last summer and against amending or repealing a controversial cut in the tax on dividends. Members are 53-41 against tampering with the revision law and nearly two to one against changing the dividend tax.

On a separate 1955 issue which will be handled by the same congressional committees that process tax bills, both Democrats and Republicans lined up overwhelmingly behind Eisenhower's proposal that Congress give him more power to reduce tariffs on a reciprocal basis with other nations.

Five Billions In The Red
The poll produced replies from 128 of the 531 members of Congress, from 41 of the 48 states.

Some legislators omitted or gave only partial answers to questions on taxes. About one out of six said the government's budgetary and financial situation would guide his decision on tax legislation. Some said they would vote for tax reductions only if the budget is balanced or nearly so, and a balance isn't in sight.

The administration now expects to run nearly five billion dollars

2 PROPHETS OF DOOM PREDICT "NO DISASTER"

CHICAGO (AP)—A prophet of doom who had predicted cataclysms would engulf the continent before midnight said this morning there will be no disaster today.

Mrs. Dorothy Martin, who had predicted tidal waves would sweep over much of the land between the Arctic Circle and the Gulf of Mexico, said that by "intervention on the part of the God of earth disaster has been stayed."

Mrs. Martin said she and 13 of her disciples, in her home in suburban Oak Park, "had sat for the Father's message the night through and God has spoken."

Dr. Laughead Present
"Not since the beginning of time upon this earth has there been such a force of good and light as now floods this room and that which has been loosed within this

room now floods the entire earth," Mrs. Martin said in a statement.

Dr. Charles A. Laughead, who lost his job on the student health staff of Michigan State College by acceptance of Mrs. Martin's prophecy, was among the 14 at her home throughout the night.

Mrs. Martin said the "Father's message" had been received by "two forces."

In her statement she said: "For this day it is established that there is but one God of earth and He is in thy midst and from His hand thou has written these words and mighty is the word of God. And by His word have ye been saved, or from the mouth of death have ye been delivered."

Mrs. Martin's prophecy had called for the destruction of Chicago. She also said the West Coast would be submerged from Seattle to Chile. Dr. Laughead had said the East Coast would be engulfed, too.

But Dr. Laughead said that by the "Father's message," the disaster had been "stayed." He said

JAMES HILTON, FAMOUS AUTHOR, PASSES AWAY

LONG BEACH, Calif. (AP)—James Hilton, screenwriter and novelist who wrote such books as "Goodbye Mr. Chips" and "Lost Horizon," died last night in Seaside Hospital after a long illness. He was 54.

His former wife Alice, who had maintained a vigil for days, was still at the bedside.

Hilton had lived here in Long Beach for 10 years while writing there was no prediction as to how long.

Mrs. Martin yesterday had said that if by chance the cataclysms failed to occur, "my faith will not be shaken."

for the movies.

He entered the hospital Nov. 21 suffering from an infection of the liver, the nature of which was not disclosed. Today his physician Dr. David Wigod said that he had had cancer of the liver for a long time.

He had been near death for several days.

Hilton, born Sept. 9, 1900, in Leigh, Lancashire, England, had said it was Hollywood which brought him to America, although he said he couldn't find America in Hollywood.

"Valley Of Beauty"
It was the mystical land of Shangri-la, a valley of beauty, serenity and eternal youth, which started Hilton on years of restless wanderings between England and the United States.

Shangri-la was a distant, misty utopia in Hilton's most famous novel, "Lost Horizon." The 1934 best-seller and the 1935 movie version, which Hilton came here to help film, had made the word famous the world over.

Hilton's search for his own

peace and quiet brought him from England to Hollywood three times and continued through two unsuccessful marriages.

The same years produced a flow of best sellers which found an easy market in Hollywood.

In 1934, when Ronald Colman appeared in dramatization of "Lost Horizon," Robert Donat and Marlene Dietrich costarred in a version of his 1933 novel, "Knight Without Armor."

Later Colman appeared in his 1941 "Random Harvest" and Donat won an Oscar for the film version of "Goodbye Mr. Chips" made six years after Hilton wrote it—on two weeks' notice—as a magazine story for a Christmas supplement.

MILD RECOVERY PREDICTED FOR ECONOMY IN '55

By SAM DAWSON
NEW YORK (AP)—A mild recovery from a mild recession is foreseen today by two groups of businessmen and economists who put their wits together to study 1955 prospects.

The National Industrial Conference Board called in 17 economists employed by corporations, government and universities.

The U. S. Chamber of Commerce's chief economist met with 13 representatives of major trade associations.

See Moderate Recovery
Although differing among themselves on details of the business outlook, they show remarkable agreement on the major outlines of the 1955 picture.

The conference board reports today all attending its economic forum agree that the turning point in the business cycle has already been reached and expect activity to keep on rising throughout the coming year. But they believe the recovery will be moderate.

They see no major forces of expansion pushing the economy sharply upward and no major forces leading to drastic contraction in 1955.

Farm Income Lower
U. S. Steel's economist predicts somewhat higher steel production and generally stable business conditions. A leading spokesman for the construction industry foresees a 5 per cent increase in building next year. Ford Motor's economist finds "surprising strength in the auto market."

Ike Going South For The Holidays

WASHINGTON (AP)—President Eisenhower will fly to Augusta, Ga., Thursday for a work and play vacation over the Christmas and New Year holidays, the White House announced Monday.

The chief executive will be accompanied by Mrs. Eisenhower and her mother, Mrs. John S. Doud of Denver, Colo. They plan to return to Washington about Jan. 3.

In addition to getting in some golf at the Augusta National Club, the President will work on three messages he will send to the new Democratic-controlled Congress next month.

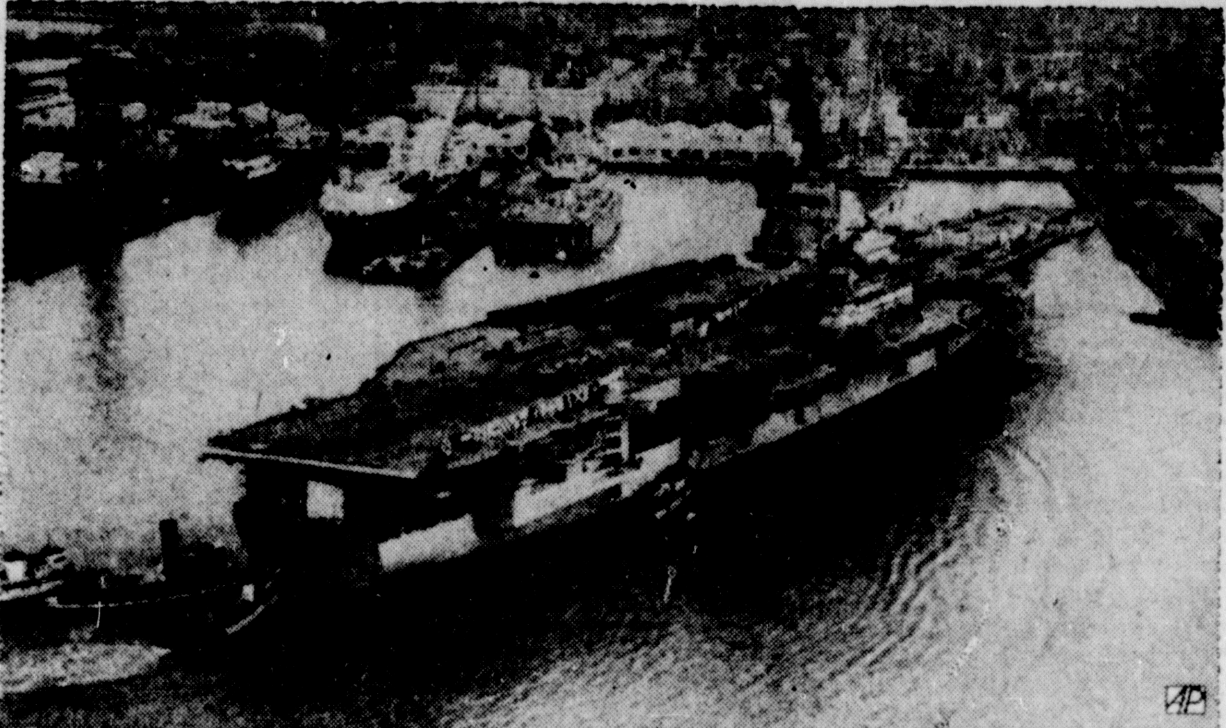

He will deliver the State of the Union message in person Jan. 6, the day after Congress convenes. The budget message and the annual economic report will go to the lawmakers later next month.

mercator economist believes consumers will spend more next year but "can't see the forces which will make for a real upward push." A Columbia University professor, however, says people will save less and put that money into durable goods instead.

A U. S. Department of Agriculture economist sees farm incomes drifting a little lower, with farm prices fairly stable but production down.

Economy To Rise
A New York banker says interest rates are as low as they're likely to go, but doubts if the Federal Reserve and U. S. Treasury will let them rise "until they are very certain that the upturn in business is real."

A rise in unemployment—perhaps above the four million mark in the spring—is foreseen by a New York University professor. "Thanks to the increase in size of our labor force, and thanks to the

CELLAR DROPS SIXTEEN FEET

PITTSBURGH, Pa. (AP)—Four families were aroused early Monday by a rumbling sound followed by rushing water.

The apartment house tenants investigated the basement where they found that an 18-by-20 foot section of the cellar had dropped some 16 feet. And in the gaping hole, almost out of sight, was the building's steam boiler, its coal stoker, several washbasins and an automatic clothes washer.

The items had been swept into the hole after the basement section caved in. In the crush, water and gas mains and steam pipes were broken. The tenants moved to the homes of relatives.

Aloysius McNulty, Pittston, said the building is in a section which is being "flushed" by the state to prevent cave-ins. The work involves piping and pumping slag waste into abandoned mines which could cause cave-ins. McNulty said the work was halted by lack of funds Dec. 1 before reaching the street on which his apartment is located.

probable increase in productivity." And this will tend to keep wage scales from rising much, in the view of a Harvard professor.

The U. S. Chamber of Commerce's appraisal sees most segments of the economy continuing to rise throughout the year: Industrial production, building, personal incomes. Slightly lower, however, will be outlay for new plant and equipment. They see corporate profits, consumers and wholesale prices, and consumer credit and installment buying as practically unchanged next year.

SURRENDERS IN DAD'S SLAYING IN W. VIRGINIA

NORRISTOWN, Pa. (AP)—An almost blind teen-age boy, who police said made his way through three states to his mother's home here while he was being sought in connection with the slaying of his father in West Virginia, was being held today after surrendering to authorities.

Police Chief Robert Reilly said William Hallman, 18, was turned over to him last night by Atty. Robert Honeyman of Norristown, the boy's avy.

Reilly said Hallman had wandered through West Virginia, Pennsylvania and New York before arriving at his mother's house in this eastern Pennsylvania city. Then, police said, he telephoned Honeyman and surrendered.

Under Surveillance
Mrs. Hallman's house had been

under surveillance since 43-year-old Albert Francis Hallman was shot and killed early Sunday as he lay asleep in his Nitro, W. Va., home. Police said the boy somehow managed to sneak into the Norristown dwelling despite the police watch.

Reilly said Hallman surrendered because "he couldn't get along by himself with his affliction."

Mrs. Heen Fekety Scudder, 35, told police in Nitro the youth shot at his father five times, then reloaded and fired at her as she fled the house. Officers quoted Mrs. Scudder, who said she had been living with the elder Hallman for the past eight years, that there had been no argument before the shooting.

Th woman was wounded in the head and arm but her condition was reported "satisfactory."

RALEIGH, N.C. (AP)—North Carolina State College's soccer team won the hard way in defeating Ft. Bragg's 525th Intelligence Group's squad, 3-2. N.C. State did all the scoring, accidentally kicking in Ft. Bragg's two goals.

Wandering Terrapin Puzzles One Fancier

ORANGE, Va. (AP)—Theodore G. Scott, who has been a terrapin fancier for 40 years, says he is puzzled by a stray terrapin which has appeared at his place. Although terrapins are nocturnal feeders and a bit secretive about the whole matter, the new terrapin at Scott's comes in and eats from a bowl "just like a puppy."

Scott keeps a lot of terrapins and races them for his grandchildren. They are seldom affectionate but Scott put an identifying mark on the stray and took it and other to a friend's home a mile away. Next, all were at the friend's home except the stray, who showed up at the Scott's for a morning handout of food.

FROZEN ASSETS

HAMMONTON, N. J. (AP)—A burglar, in the farm home of Miss Emma Mae Severs, 48, struck it rich in the deep freeze. In the crisp tray wrapped in aluminum foil was \$4,300 in green stuff—cash Miss Severs planned to take to the bank the next day.

Two Brothers To Get Two Homes

MEDIA, Pa. (P)—Two young sons of a widow, missing for seven weeks, will spend the Christmas holidays with their paternal grandparents but will live with their maternal grandmother.

A custody case over the two boys was started by the paternal grandparents Frank A. Frantaduono and his wife, Emma, of Colonial Village. They had asked for custody of Eric Frantaduono, 4, and his brother, Bruce, 2.

The boys have been living with their maternal grandmother, Mrs. Mildred Brooks Guyler, 55, of Wayne.

The boys' mother, Mrs. Nancy Frantaduono, 27, has been missing since Nov. 1. Their father, Frank, died of polio two years ago.

In an agreement reached in Delaware County Orphans' Court yesterday, it was decided the boys will spend holidays and vacations with the Frantadunos but will live with Mrs. Guyler.

There was no agreement on whether to observe Jan. 6, March 25 or Dec. 25.

St. Nicholas was a Third Century bishop famed for his unexpected gifts. The Netherlands first adopted him as the patron saint of children.

No. Puritans did not observe holy days. Keeping Christmas and making mince pies was forbidden in Massachusetts and New Haven colonies.

ASK PROBE OF PAYMENTS TO SURVIVORS OF SERVICEMEN

By WILLIAM F. ARBOGAST
WASHINGTON (P)—A House committee said today there should be changes in the law which, in thousands of cases, provides a serviceman's survivors bigger benefit payments than the man earned while alive.

In other cases, the group said in a formal report, survivors receive benefits "inadequate to meet their basic minimum needs."

The committee is a special House group headed by Rep. Bates (R-Mass.). It was created to study survivor benefits of armed forces personnel.

Urges Further Study
It urged further study aimed at simplifying the law, noting that the government now maintains five distinct survivor benefit programs, with survivors being required to deal with five agencies.

The committee said there are approximately 465,000 cases on the various death compensation rolls,

blossomed at Christmas.

Usually attributed to Boniface, Eight Century English missionary to Germany, who substituted a fir tree decorated in tribute to the Christ Child for sacred oak in pagan worship.

Sir Isaac Newton,

with a normal peacetime addition of 7,000 cases annually and an annual cost of 365 million dollars.

Death compensation, as distinguished from pensions, is paid only to survivors of persons who die while on active duty or from service-connected causes.

Programs For Payment
The compensation is paid from these programs:

1. A six-month death gratuity with a minimum payment of \$468 and maximum of \$6,857, paid to the next of kin and administered by the Defense Department.

2. A gratuitous indemnity of \$10,000, with payments of \$92.90 monthly for 10 years, usually to the next of kin, administered by the Veterans Administration.

3. Veterans Administration compensation, with payments ranging from \$40 upward, monthly, depending on the number of dependents and their relationships to the deceased.

4. Social security, with monthly benefits depending on many variables.

5. Federal Employees Compensation Act, through which benefits are paid to survivors of certain reservists whose death is service-connected. This program is administered by the Labor Department's Bureau of Employee Compensation.

MOST DRAFTEES OVER 21 YEARS

WASHINGTON (P)—The average age of men now being drafted in 35 states is 21 or over, an Associated Press survey of state draft directors showed today.

In 18 states, the average is 22 or over and in 5, over 23. Minimum legal draft age is 18½.

As in the past, draft directors are taking their older men first in the quotas given them by national draft headquarters. The quotas are based on the total number of men each state has available for service.

Quotas recently have been relatively small—about 20,000 a month—and a high percentage of state quotas has been filled by volunteers, mostly men 20 or under. This has tended to push upward the average age of men called in voluntarily.

In Pennsylvania, the average age is 21½, with 60 per cent of the state's quota filled by volunteers.

In New Jersey, the average age is 20-21 with practically 100 per cent of the quota taken care of by volunteer enlistments.

MAY OUST JOE FROM PROBERS

WASHINGTON (P)—Two Democrats said today they expect their party colleagues to keep hands off any Republican move to unseat Sen. McCarthy (R-Wis.) as a member of the Senate Investigations subcommittee.

Sen.-elect Clifford Case (R-N.J.) has announced he will attempt to keep McCarthy off the inquiry group McCarthy headed in the GOP-controlled 83rd Congress. Case has said he will demand a roll call on the question when Congress meets next month.

Senators Monroney (D-Oka) and Sparkman (D-Ala.) said in separate interviews they regard McCarthy's committee assignments as "strictly a Republican problem." They forecast that Democrats will support any recommendations the conference of all Republican senators makes.

Monroney, one of the severe Senate critics of McCarthy's controversial investigative methods, said that whether McCarthy remains a member of the inquiry group "is not the business of the opposition party."

GOP senators split about even when the Senate voted last month to condemn McCarthy, but it is questionable whether many of them are likely to go along with the further step Case has said he will propose.

CHIROPRACTIC SOCIETY SUED

HARRISBURG (P)—The Dauphin County Court today has under advisement a request by the Pennsylvania Chiropractic Society of intervene in a suit challenging the constitutionality of a section of the 1951 state Chiropractic Registration Act.

At a hearing yesterday the society told Judges Paul G. Smith, Walter R. Sohn and Karl E. Richards that it should be allowed to intervene because the group is named in the act and has a vital interest in the outcome of the case.

Opposing the intervention of the society were three chiropractors who filed the suit. Representing Dr. Eli J. Martin of NW Holland; Dr. L. T. Stewart, Ephrata; and Dr. Richard M. Tellam, Reading, atty. Frederick H. Bolton said the society has "no legally enforceable interest" in the case.

The three chiropractors, in a suit against the state Board of Chiropractic Examiners and Francis B. Haas, state public instruction superintendent, ask the court to restrain enforcement of Sect. 15 of the law.

That section requires, as a prerequisite to the issuance of a license to practice, that the applicant attend not less than one two-day educational conference conducted by the society or its equivalent during the license year.

The court has issued a temporary order restraining the board from enforcing the section.

Elmer T. Olla, state deputy attorney general, told the court the commonwealth is neutral in respect to the intervention petition.

Will Not Permit Files' Pilfering

WASHINGTON (P)—Rep. Walter (D-Pa.) said today he will not tolerate any "surreptitious methods, or the outright pilfering of files from security agencies" when he becomes chairman of the House Un-American Activities Committee.

Walter, slated to head the committee when Democrats organize Congress next month, made plain in an interview that he had in mind the case of a secret FBI document which found its way into committee files, and perhaps other instances.

Committee sources last week said an Air Force intelligence agent, Rea Van Fossom, had delivered a copy of an FBI security file to committee staff investigators. They said the Air Force forced him to resign his captain's commission Nov. 23 and the committee hired him the next day as an \$8,200-a-year investigator. There has been no comment from Van Fossom.

LEADER NAMES NON-REPORTER AS PRESS CHIEF

HARRISBURG (P)—Gov.-elect George M. Leader today appointed Thomas Kyger Hodges, 35, Pittsburgh, as his press secretary.

The salary was not announced but Warren Wheaton, press secretary to Gov. John S. Fine, received more than \$13,000 a year.

Hodges will go into Leader's office without any newspaper background. After being graduated from the University of Pittsburgh he did advance work at the universities of Hamburg, Wuerzburg and Berlin in 1938 and 1939. He later taught English at Pitt until 1941.

Hodges is the third person named to the office staff of the new governor. Others are David M. Randall, Lykens, secretary, and Robert H. Jones, Scranton, personnel secretary.

Served In Germany
Hodges' most recent job was chief of program and policy for the public affairs office of the U.S. High Commission in Germany.

After being discharged from the Army in 1946 Hodges joined the staff of Brig. Gen. Telford Taylor as director of the language division at the Nuernberg war crime trials.

For four years ending in 1952 he served as chief of the research branch for the Marshall Plan in Paris.

As part of his work with the U.S. High Commission in Germany he was a spokesman on American policy in universities and before public groups. In that task he prepared radio and television talks for use in Germany.

Hodges' father is Thomas M. Hodges, Pittsburgh businessman. The new press secretary is married and has two children.

As Leader's press secretary he will handle all of the governor's relations with newspapers, radio and television. Leader said he expected Hodges to begin work in a few days.

Democrats Hold Strategy Meetings And Luncheon To Pick Slate Of Candidates

By JOHN KOENIG JR.
HARRISBURG (AP)—Democratic members of the General Assembly lined up today behind a slate of candidates headed by Rep. H. G. Andrews for speaker to present a solid front to Republicans in the 1955 session.

Separate meetings of the House majority members and of the Senate minority members were called to pick their officers and to go through other preliminaries in getting ready for the expected year-long session opening on Jan. 4.

Democrats will organize the House on the basis of their 112-98 majority. Republicans have a 26-24 in the Senate and could organize that chamber if they all vote together.

But before the formal meetings the Democratic high command and party leaders of both branches of the Legislature hammered out agreement upon a slate of candidates for most offices.

Benjamin L. Long, Philadelphia attorney, was advanced for chief clerk of the House, a \$9,900 post, and Paul C. Moomaw, Waynesboro tax consultant, for secretary of the House, a \$8,280 job.

Readinger Succeeds Andrews
In addition to Andrews, long-time Democratic House leader, for speaker, Rep. Albert S. Readinger (Berks) was picked to succeed Andrews as floor leader. Rep. James E. Lovett (Westmoreland) was regarded as a likely choice for party whip or assistant floor leader.

On the Senate side, Sen. Joseph M. Barr (Allegheny), Democratic state chairman, was slated for nomination for president pro tempore and Sen. John H. Dent (Westmoreland) for re-election as Democratic floor leader.

Republican senators have endorsed Sen. M. Harvey Taylor (Dauphin) for re-election as president pro tempore. But two of them, Sens. George N. Wade (Cumberland) and Sen. Harold E. Flack (Luzerne) refused to commit themselves to Taylor, leaving him only 24 pledged votes, the same number as Democrats have in their solid delegation.

Will Attend Luncheon
A luncheon, in advance of the House and Senate meetings, was arranged for Democratic senators and Gov.-elect George M. Leader, who served as a senator in the 1953 session of the Legislature.

The closed luncheon was booked largely as an informal strategy session, without Leader making a set speech.

Barr was reported ill at Pittsburgh and Mayor David L. Lawrence, of Pittsburgh, Democratic national committeeman, was picked to preside at the House and Senate caucuses.

Lawrence presided at the pre-caucus strategy meetings yesterday at which the names of Long and Moomaw were advanced for the paid House jobs.

They would replace Republicans William E. Habbyschaw (Dauphin) as chief clerk and William P. Roan (Luzerne) for House secretary.

Andrews Favors Moomaw
Moomaw was a state representative in the 1935 and 1937 sessions while Long was a member for three sessions beginning in 1935.

Andrews said of Moomaw, "I think he would be a good man. I wouldn't oppose him (for the job)." Barr had previously suggested Moomaw for the secretary's job.

William J. Green, Jr., Philadelphia city Democratic chairman, said that the Philadelphia House delegation would back Long for chief clerk.

Democrats in the Senate also seem pretty well decided on re-election of Sen. Frank W. Ruth (Berks) for party whip, or assistant floor leader, and Sen. John J. Haluska (Cambria) for chairman of the Democratic Senate caucus.

The complicated Senate situation as to the party lineup could conceivably result in Democrats organizing the upper chamber on Jan. 4, or the two sides could deadlock on organization, if neither side casts a majority.

Both Taylor and Miles Horst, Republican state chairman, have said they believed that Wade and Flack will fall into line when the roll is called on candidates for president pro tempore.

CALL GAS HEARING
WASHINGTON (AP)—The Power Commission has set Jan. 17 for a hearing here on consolidated proceedings involving the proposed sale of natural gas by Texas Eastern Transmission Corp., Shreveport, La.

The company wants to increase sales to seven existing customers by 3,335,000 cubic feet of gas daily. Customers include the borough of Chambersburg, Pa.

MOTORIST IS KILLED
WILKES-BARRE, Pa. (AP)—Milton McElwee, 23, of Wilkes-Barre, was killed early today when the car which he was driving struck a guard rail on Rt. 309 in Hanover Township.

Seriously injured were Edward Degnan, 21, also of Wilkes-Barre. Hanover Township police said the car in which the two were riding was proceeding toward Hazleton when it struck a guard rail in the Preston section.

STOLE PARAKEETS—?
READING, Pa. (AP)—Police have accused Benjamin Nicholas of stealing 100 parakeets from the shop of his former employer, Mrs. Dorothy Fox.

Nicholas yesterday was freed in \$300 bail for a hearing before Alderman Charles E. Lease. Hearing date has not been set.

Detective Capt. Paul Slapikas said Nicholas admitted stealing 26 of the birds during a three-month period.

There are about 30,000 flowering plants in the United States, says the National Geographic Society.

WILL WIDEN JERSEY PIKE

NEW BRUNSWICK, N. J. (AP)—The New Jersey Turnpike Authority today announced that 61 miles of the 118-mile toll highway will be widened from four to six lanes by the fall of 1955 due to increased traffic volume.

Commissioner Joseph Morecraft Jr., of Dunellen, said bids for the 28-million-dollar project will be received next month.

The project will make the stretch from the northern terminus near the George Washington bridge to Camden—a distance of 83 miles—six lanes throughout. The 22-mile section from Secaucus to the Woodbridge interchange already is six lanes wide as part of the original construction.

The authority will arrange for a new bond issue next month. Construction is due to get under way next spring.

Morecraft said the superhighway, which extends from near the George Washington bridge to Deepwater, where it connects by bridge with Delaware, now is handling more than double the traffic capacity of original estimates.

The full length of the road was placed in service Jan. 15, 1952. Engineers then estimated the highway would be carrying 10 million vehicles this year. However, the road now is carrying 25 million vehicles annually, a volume not expected until 1961.

The total consumption of hard liquor, wine and beer in Sweden is lower than in England, Belgium or France.

"Christmas Story" Displayed On Lawn

Robert Smith has constructed three scenes of the "Christmas Story" on the lawn of the home of his parents, Mr. and Mrs. Robert Bush, on the Biglerville Road, beyond Keckler's Hill. He was assisted by Robert Poole, a student at Gettysburg High School.

The tableau consists of three separate scenes: the manger scene, the journey of the three wise men on camels, and the angel bringing the message of "Peace on Earth, Good Will to Men" to the shepherds watching their flocks. The scenes are made out of fibre-board, and are life-sized.

Mr. and Mrs. Bush have installed a loudspeaker system on their lawn and Christmas carols can be heard from 6 to 9 o'clock each evening.

GROWING FAMILY

DES MOINES (AP)—Mrs. Margaret Anderson became a bride, a mother-in-law and a grandmother—all within 48 hours. She and Robert Anderson of Carlisle, Iowa, were married in a double ceremony in which her son, Richard Sanford, was the other bridegroom.

Two days later Mrs. Larry Sanford, wife of her other son, gave birth to a daughter—making Mrs. Anderson a grandmother.

Teachers Will Seek \$400 Pay Boost In Addition To A \$200 Automatic Salary Increase

HARRISBURG (AP)—Pennsylvania's organized school teachers today fixed their sights on obtaining a \$400 a year pay boost from the 1955 Legislature in addition to \$200 they will receive automatically.

Final details of the plan will be shaped by the Pennsylvania State Education Assn. at its convention here Dec. 27-28-29. The PSEA represents more than 60,000 teachers in the state.

"The salary program is essential to maintain an adequate program of education for the boys and girls of our commonwealth," the PSEA's Legislative Committee said in a special report.

In addition to the \$600 a year pay boost the committee proposed that in 1956-57 all classroom teachers with 10 or more years of service receive a \$200 a year experience increment.

Affects Some Teachers
This boost would be limited to teachers who earn less than the mandated maximum which the

PSEA would like to see fixed at \$5,000 for teachers with college certificates.

Each \$200 a year salary boost for teachers means an added 12 million dollars a year to state and local education costs.

The PSEA legislative program also suggests that the present minimum of \$2,400 be boosted to \$3,000, plus 10 annual increments of \$200 each to bring the mandated maximum to \$5,000.

To help school districts bear this increased cost, the PSEA Legislative Committee asked that the minimum state subsidies per teaching unit be increased from \$4,700 to \$5,100 immediately. The maximum subsidy as fixed by existing law at \$5,500 for 1959-60 would go up to \$6,000 under the PSEA plan.

Other Requests

Other portions of the PSEA legislative program suggested:

1. Increase salaries of faculty members of state teachers' colleges and improve the pay of employees

CONCERT VIOLINIST DIES

HARRISBURG (AP)—Sara Lemer, well known as a concert violinist in the central Pennsylvania area, died yesterday at her home after an illness of one year.

She was a charter member of the Harrisburg Symphony Orchestra and had taught violin from her home in Carlisle and Middletown schools.

Funeral services will be held Thursday.

of the public instruction department.

2. Broaden teachers' retirement benefits to give survivor benefits to a widow and children under 18 years of age.

3. Increase retirement benefits by \$5 a month for each year of service to all those who retired prior to May 1, 1951, and who now receiving a pension.

4. Retain the present teacher tenure law without change.

5. Remove the 425 million dollar ceiling on school authority building construction which qualifies for state aid.

In American families where there are young children the chances today that one of the parents will die within a year are less than 1 in 100, says the statistical department of the Metropolitan Life Insurance Co.

2 DIE IN YORK PLANE CRASH

YORK, Pa. (AP)—A private airplane crashed near here today, killing the pilot and a passenger.

State police tentatively identified the victims as Edward E. Lubischer, of York R. 3, the pilot, and Harold R. Uhrich, York, the passenger.

The crash occurred on the edge of the borough of York New Salem, about 10 miles southwest of York. The twin-engine, four-passenger plane crashed in a meadow on the farm of J. Melvin Shellenberger.

Witness said the aircraft came down in the meadow, hit a slight elevation in the field, rolled across a ravine and disintegrated.

The plane was under license to the S. Morgan Smith Co., York, manufacturers of turbines and power machinery. Both the victims were employed by the Smith firm.

Cpl. R. P. Sneider and Pfc. Wayne C. Myers of the state police said the bodies of the two victims were badly burned. The identification was made from wallets and cards scattered near the wreckage.

The plane took off from the York airport at 7:45 a. m., and crashed 10 minutes later.

SPARKMAN ASKS STUDY BUT NO "CARCASSES" IN FHA PROBE

By ROWLAND EVANS JR.
WASHINGTON (AP) — Sen. Sparkman (D-Ala.) proposed Monday a "continuing and objective study" of the operation of government housing programs but said he would oppose any probe designed to "drag out a lot of dead carcasses."

Sparkman, a senior Democrat on the Senate Banking Committee, spoke out in an interview after release of a 140-page committee report which accused the construction industry of consistently misrepresenting to Congress "the existence of wrongdoing" in the huge postwar rental housing program.

The report, issued Sunday night, assailed "a few greedy and sometimes dishonest builders . . . and incompetent, lax and sometimes dishonest FHA officials" as responsible for what it called multi-million-dollar "windfall" profits "at the expense of the American people."

Sparkman's Hand

The committee report summed up an eight-month probe of Federal Housing Administration programs.

That investigation was launched when the White House last April 12 announced the existence of widespread irregularities in the expired apartment building program and in the continuing home-repair loan program.

Sparkman was primarily responsible for having deleted from a preliminary draft of the report an accusation that housing irregularities were the "worst scandal" in history and that "windfall" profits

its would total one billion dollars if all projects were examined.

Still Not Clear

Instead, it reported finding 76 million dollars of such profits in 437 of the 543 projects it investigated.

These profits resulted from FHA-insured mortgages in some cases far greater than actual construction costs.

Despite agreement by Sen. Capehart (R-Ind.), committee chairman, to delete the "worst scandal" allegation — which he renewed, however, in a separate personal statement — the Democrats criticized the report in a statement of their own. They said it "still does not make it sufficiently clear that only a relatively few in the industry and the FHA were guilty of malfeasance, obstruction or deliberate misrepresentation."

Sparkman said the committee should "watch closely for any defects that may show up" in the operation of housing programs under a new law designed to close loopholes.

Officials Criticized

The report issued Sunday night produced no recommendations beyond proposing close scrutiny of the new law to see whether it will "cure the evils."

But it bristled with criticism of builders and FHA officials. It said the FHA had "ignored" congressional suggestions for controlling windfall profits and "flouted the congressional mandate" to keep mortgage-insurance commitments to actual costs of efficient operations.

"This is bureaucracy at its worst," the report said.

The postwar apartment program, the committee reported, came at a time of serious housing shortage. It built 465,683 units in 7,045 projects from coast to coast — a "considerable accomplishment."

The fastest snake in the United States — the western whip snake — crawls at scarcely more than three miles an hour.

POPE ON AIR FRIDAY NOON

VATICAN CITY (AP) — Ailing Pope Pius XII is working on a brief Christmas message he will broadcast to the world over the Vatican radio at noon Friday.

On Christmas Day he plans to

appear in the window of his study and bless a throng gathered below in St. Peter's Square.

The Vatican newspaper L'Osservatore Romano announced the arrangements Monday.

Despite the planned briefness of his Christmas message, Vatican observers took the announcement as a new evidence of the Pope's gradual improvement from the illness that threatened his life 18

days ago. It will be the pontiff's third radio message since his collapse Dec. 2.

The Vatican Press Office said the Pope passed "a fairly tranquil night."

"Monday morning he received in ordinary audience Msgr. Domenico Tardini, Vatican prosecretary of state," a bulletin said. "Msgr. Tardini found the pontiff somewhat better."

CAPTAIN GOES DOWN WITH SHIP

TOBERMORY, Scotland (AP) — Ivan Dahn, a 57-year-old Swedish ship captain, went down with his damaged freighter on Sunday after his crew of 20 took to lifeboats. The

crewmen all survived without injuries.

The ship, the 1,337-ton Hispania, was en route from Liverpool to Sweden with a cargo of steel when it hit a reef half a mile off Scotland's west coast during a storm. When the freighter was backed off the reef, it took a 25-degree list to port.

The crew abandoned ship in two

liveboats. They circled the ship, pleading for the captain to join them, but he stuck to the bridge. "The skipper could have come off with us, but perhaps thought he had more time," said First Officer Walter Elnersson. A bulkhead must have broken, and the ship went down like a stone.

WILSON SAYS SPACE SHIPS ARE "DREAMY"

WASHINGTON (P)—Secretary of Defense Wilson has termed questions about space ships "a little dreamy" and disclaimed knowledge of such studies by the Pentagon, but his department said today it is actively exploring the possibility of creating artificial earth satellites.

And it has been doing that for at least six years.

In response to a question about the status of a program mentioned in a 1948 report by the first secretary of defense, James Forrestal, the Defense Department today gave this official answer:

"Studies relating to a satellite program as mentioned in 1948 are active and are proceeding at a rate commensurate with the technical state of the art.

Coordinate Studies
"These studies are being coordinated within the office of the secretary of defense and provide for full utilization of the combined efforts of the services."

In addition to the apparent limited circulation within the department of information about the satellite program, the project is under a "secret" classification.

So far as is known, it still is in the phase of laboratory and mathematical research. No hardware has been built to comprise a "space station" or an "earth satellite." What actual, proving-ground studies have been made are those resulting as a by-product of high-altitude firing of rockets and guided missiles.

What the scientists aim at first is not the building of a "space ship" to carry men beyond the pull of the earth's gravity or to another planet, but an artificial satellite for scientific or even weapon use. There has been the suggestion of installing some form of automatic radar equipment on such a satellite to provide continuous surveillance of all nations of the Northern Hemisphere.

They landed 18 feet below, practically unhurt—and still together!

Morgan Wallace, a circus daredevil, made 113 parachute jumps without incurring a scratch. He decided to make some minor repairs to his home in Pueblo, Colo., fell 18 inches off a ladder, and broke his foot.

But the noisiest fall of the year undoubtedly was made by Dr. Otto Erhardt, 200-pound stage director of the New York City Opera Company. Dr. Erhardt was rushing about in typical dress rehearsal frenzy when he slipped and tumbled onto the kettle drum in the orchestra pit. Did he go boom!

Neatest automotive acrobatics of the year were performed by Edward Sweeney in Philadelphia. His car went out of control on a bridge over the Schuylkill River, ripped through the iron bridge railing, turned a complete somersault in the air and landed on the wheels on a railroad siding 60 feet below, blowing out all four tires.

Sweeney was dazed, cut up a bit, but most of all disappointed. "My tires," he moaned, "Four blowouts in 60 feet! They don't make 'em like they used to!"

And in Williamstown, Conn., Charles Insalaco was unhurt when his auto skidded and overturned. He stepped out of the car, and the damage.

tripped and sprained his wrist.

Peter Passantino, a normally inquisitive lad of 11 in Chicago, had been told by his parents never to stick his nose into trouble. Nevertheless, he stuck it through a knot hole in a fence, just for the heck of it. An inquisitive dog loping by on the other side was intrigued and gave the nose a good hard nip. Now Peter knows.

In Miami a boat was hit by a car on water. In Indianapolis car was hit by a boat on land. The Miami incident occurred when a car driven by Henry Evans went out of control and smashed into a boat moored in the Miami River. Capt. C. H. Jones was dozing on the boat, and was he surprised! But no more so than was Marvin Mace when his car was whacked by a motor boat as Marvin drove along a definitely inland street in Indianapolis. The boat was being towed on a trailer. It was struck by an auto and hurled through the air into Marvin's car. Ship ahoy!

DAIRY IS FINED FOR MILK SALES UNDER MINIMUM

HARRISBURG (P)—The McAllister Farm Dairy, Inc., yesterday was found in contempt of court for violating an injunction prohibiting the sale of milk at prices under the minimum established by the state Milk Control Commission.

Judge William H. Neely of Dauphin County ruled that criminal contempt "has been established beyond a reasonable doubt" and fined the concern \$2,000. The dairy is owned by Temple McAllister, Warren, Ohio, milk dealer who has been feuding with the commission for two years.

McAllister sells milk through five Pennsylvania outlets, the major ones being located at Meadville, Farrell and New Castle. He has 31 stores in Ohio.

Will Appeal Decision
When informed of the court decision McAllister said, "undoubtedly we will appeal this decision to a higher court." He expressed surprise at the action.

The court acted upon an April 28, 1954, request of the commission for a contempt citation after written briefs were submitted and oral argument heard 10 days ago.

"The defendant, McAllister Farm Dairy, Inc., through its employees

Arnold, Frederick St., Sunday. The following were present: Mr. and Mrs. Joseph Wiedeck, Mr. and Mrs. Albert Cashour, sons, Albert and Eugene, George Strickler, Mr. and Mrs. William Geagler and daughters, Peggy and Nancy, Baltimore; Mr. and Mrs. William Nicol, daughter, Susan, and son, Barney, Washington Grove, and Mr. and Mrs. Charles W. Foreman, Westminster.

Weekend guests at the home of Mr. and Mrs. Claude Derr, East Baltimore St., were Mr. and Mrs. Harry Baumgardner, daughters, Nancy and Ellen, Winchester, Va. Sunday dinner guests at the Derr home were Mr. and Mrs. George D. Baumgardner, daughter, Edith, and son, Tommy, Taneytown.

at its Meadville store, aided, abetted and participated in transactions that resulted, through rebates, in the sale of milk at prices lower than those fixed in the court order of the Pennsylvania Milk Control Commission," Neely said in his opinion.

McAllister contends that the Milk Control Commission law is unconstitutional and is administered in an unjust and arbitrary manner, and is harmful to the milk industry and dealers as well as consumers and producers who he charges have been exploited without authority of valid law.

Redeemed Empty Jugs
The court decision reviewed how the dairy redeemed empty milk jugs, in Pennsylvania and Ohio, at much high prices than the deposit

paid on each. The report charged by McAllister outlets is 5 cents a jug while the court found the redemptions to be 25 cents for a gallon jug and 20 cents for a half-gallon jug.

The commission in July refused to renew McAllister's state milk dealers license for the year beginning May 1, 1954. The Ohio man has appealed the validity of this order to the Mercer County Court and the case is pending.

Judge Neely made clear that the contempt citation was not connected with other McAllister court cases.

LEX THOMPSON IS FOUND DEAD IN APARTMENT

ENGLEWOOD, N.J. (P)—Funeral arrangements were being completed today for Alexis Thompson, socially prominent sportsman and heir to a steel fortune.

Thompson was found dead in his apartment here yesterday, apparently the victim of a heart attack. He was 43. Services for the former owner of the Philadelphia Eagles professional football team will be private.

He was the grandson of Alexis Thompson, who founded the Republic Iron and Steel Co. The grandfather left his fortune to his son, David. After David died in 1929, his son, young Alexis, was declared heir to the estate valued at more than 3½ million dollars.

Wearing Nightclothes
Thompson's body was clad only in nightclothes when found by the superintendent of the apartment house. Neighbors, who noticed that lights were burning in the Thompson apartment and that newspapers were piled up at his door, summoned the superintendent.

The time of death was set by a police doctor as several hours before Thompson's body was found.

An avid sportsman, Thompson took part in a wide variety of athletics while in college and once was on the U. S. bobsledding team at the Olympics.

In 1941 he took over the Philadelphia Eagles, which he sold eight years later at a reported profit of \$85,000. The team, under his ownership, moved from last place in the league to the world championship.

Be fussy about your bread box! Occasionally wash it thoroughly with hot sudsy water; rinse with boiling water, dry well with a towel, then if possible air it in the sunshine.

FIND FASCISTS AND "HATERS" AS BAD AS REDS

By JAMES MARLOW

WASHINGTON (AP)—The House Un-American Activities Committee is diverting for a time from its search for Communists to look for Fascists and "haters" has found them all equally loathsome.

The committee hasn't finished its work in the field of fascism and hate. A preliminary report on its findings to date says of the similarity between Communists and Fascists:

"Both seek to destroy our constitutional government and supplant it with a godless dictatorship in which the individual is deprived of his rights and liberties to become an abject slave of the state."

The committee picks as examples of Fascist and hate groups, in that order, these two outfits:

National Renaissance Party

1. The National Renaissance Party — headed by James H. Madole, of eacon, N.Y. — with a monthly publication called The Mallet and a following of perhaps fewer than 700.

2. The Christian Educational Assn. — headed by a father-son team, Conde J. McGinley and C. J. McGinley Jr., of Union, N.J. — with a semi-monthly publication called Common Sense.

This is some of what the committee says of Madole's Renaissance party:

It preaches admiration for Hitler, hatred for Jews; it tries to imitate the Nazis with an "elite guard" which wears lightning bolts instead of swastikas on arm bands; it appeals to violence and holds street meetings which often end in stone-throwing; and calls for a Fascist government in the United States.

"Hate Propaganda"

And this is part of what the committee reports on the McGinley group:

It preaches hatred of Jews and Negroes; is pro-Nazi; it calls "Adlai and Ike" Marxist stooges; it uses its publication "almost exclusively" as a "vehicle for the exploitation of ignorance, prejudice and fear"; and through the columns of Common Sense the McGinleys "appear to serve as a clearing-house for hate propaganda throughout the country."
